Description

The Reflective Workfit SoftShell Jacket Size S is a Category II protective garment designed for demanding environments. Its TPU membrane technology combined with inner microfleece ensures superior thermal insulation against low temperatures, while its breathable fabric keeps the user dry during extended shifts.

Technical Features

- Water resistance: 8,000 mm
- Composition: 94% polyester, 6% elastane
- Weight: 310 g/m²
- Protective clothing category: II
- Elastic waist with adjustable drawcord
- Two reflective strips on chest and arms
- Side and front pockets with zipper

This jacket provides an effective barrier against moderate rain and snow, protecting the worker from external elements without compromising mobility. Its ergonomic design facilitates free movement in tasks requiring physical agility.

Installation is immediate; simply adjust the waist using the drawcord to ensure a perfect fit to the body, thus optimizing thermoregulation and avoiding drafts in critical areas such as the lower back.
