Description

The Workfit Reflective SoftShell Jacket Size M is a Category II workwear protection garment that combines waterproof and breathable technology to ensure safety in adverse conditions.

Technical Features

- Water resistance: 8,000 mm
- Weight: 310 g/m²
- Outer composition: 94% polyester, 6% elastane
- Membrane: TPU with inner thermal micro-fleece
- Workwear protection category: II
- Two reflective tapes on chest and arms
- Side and front pockets with zipper
- Elastic waist adjustable by drawcord

This jacket guarantees high resistance to low temperatures and wear, keeping the user dry in moderate rain and snow thanks to its high-performance waterproof membrane.

It is effectively used in construction sites, warehouses, agriculture, livestock farming, and metallurgy where night visibility and protection against the elements are required. Its ergonomic design allows freedom of movement without compromising safety.

Installation is immediate: simply fasten the buttons, adjust the waist cord for a perfect fit, and ensure

the reflective tapes remain visible. It requires no special maintenance other than gentle washing according to the manufacturer's instructions.
