Description

The 250mm Vatton parrot peak plier is a professional tool designed for accurate extraction of cables and components in reduced spaces, ensuring maximum safety and operational efficiency.

Technical characteristics

- Cutting power: Hardened jaws of high resistance.
- Total measure: 250mm.
- Large variable opening: 0-55mm.
- Material construction: High quality Vanadium Chrome.
- Mango: Non-slip bimaterial.
- Lock system: PushLock button for quick adjustment.

Thanks to its robust design and sharp jaws, this plier allows you to perform demanding work with great precision, avoiding damage to the surrounding material during the handling of thick cables or complex electronic components.

Installation is immediate when opening the package; simply adjust the opening as needed and use the PushLock button to fix the desired position before applying force. Its ergonomic handle reduces fatigue in extended working sessions.

Specifications

EAN	8425160497040
Material	Cromo
# Elements	1
Weight (kg)	2.426
Power (W)	Mandíbulas endurecidas de alta resistencia.
