Description

The Reflective WorkFit Short Sleeve Polo is a technical garment designed to ensure maximum visibility and safety in demanding work environments. Its textile technology combines thermal comfort with mechanical resistance, protecting the user during long shifts under adverse conditions.

Technical Features

- Fabric 65% polyester and 35% cotton
- Weight of 180 g/m²
- Collar with 3-button closure in contrast
- 4 reflective tapes around the torso and shoulders
- Reinforced double stitching of high resistance
- High resistance to abrasion and wear

This polo provides superior visibility thanks to its reflective elements, being essential for personnel working near moving machinery or in areas with low natural lighting. Its ergonomic design allows freedom of movement without compromising safety.

Installation is immediate: it only requires gentle washing with cold water to maintain fiber integrity and the brightness of the reflective tapes. It is recommended to air dry at room temperature, avoiding direct heat sources that could degrade the material or affect the optical performance of the safety elements.

Specifications

Colour	Yellow
EAN	8425160497187
Material	Cotton
Weight (kg)	0.258
Size	L
