Description

The Workfit Reflective Softshell Jacket Size XL is a Category II workwear protection garment that combines SoftShell technology with high visibility to ensure safety and comfort in demanding environments.

Technical Features

- Water resistance: 8,000 mm.
- Composition: 94% Polyester, 6% Elastane.
- Weight: 310 g/m².
- TPU membrane with inner thermal micro-fleece lining.
- Category II workwear protection.
- Two reflective tapes on chest and arms.
- Side and front pockets with zipper.
- Elastic waist adjustable via drawcord type cord.

This jacket provides high resistance to low temperatures and wear, ensuring comfort during long shifts in humid or cold environments without sacrificing mobility thanks to its breathable fabric. The design includes two strategic reflective tapes to ensure visibility in low-light areas.

It is simply installed by zipping the main zipper and adjusting the waist cord for an ergonomic fit. It is essential to check that the reflective tapes are always visible to comply with safety protocols for night

work or in low-light conditions.
