Description

The black aluminium right pressure locking handle is a safety accessory designed for internal use windows, ensuring a robust fixation by means of a pressure locking mechanism. Made of high strength aluminium profiles and matt black finishes, it offers durability and modern aesthetics for residential environments.

Technical characteristics

- Material: Aluminium
- Finished: Black
- Measurements: 145x44mm
- Mechanism: Pressure lock
- Orientation: Right
- Includes: Locking screws

This system provides a safe and quick blockade, protecting the interior of the house against unauthorized access without complicating daily opening. Its compact design perfectly integrates into standard window frames.

The installation is simple thanks to the screw kit included; it only requires marking the fixing points, drilling and screwing the handle to the window or frame. It does not need specialized tools beyond a common screwdriver for its definitive assembly.
