Description

The Handlock Electronic Safe is a robust device designed to protect documents and valuables through an advanced digital access system. Made of reinforced steel technology, it guarantees the physical integrity of the contents against forced opening attempts.

Technical characteristics

- External dimensions: 20x31x20 cm
- Indoor capacity: 9 liters
- Materials: Reinforced steel
- Closing system: 2 steel blocks
- Access: Programmable digital numeric keyboard
- User code: 3 to 8 digits
- Includes: 2 emergency keys
- Design: Cerrojo and hidden hinges
- Assembly: Perforated orifices for fixing

This equipment offers a safe solution for storage in offices, homes or commercial premises where strict control of access to sensitive information or high-value material goods is required. Its capacity of 9 liters allows to save important files or jewelry without saturating the space.

The installation is simple thanks to the mounting holes already perforated in the structure. It is

recommended to attach the box to a solid and leveled surface to ensure its stability during daily use and to avoid sudden movements that may compromise the locking mechanism. The programmable keyboard facilitates multiple access management with 3 to 8 digit codes.

Specifications

High	20
Width	31
Colour	Black
EAN	8425160497699
Material	Steel
Measures	20 x 31 x 20
Weight (kg)	4.467
Depth	20
