Description

The 200-unit Anilla Display Holder is a label management system designed to optimize organization in commercial and logistical environments. Its ring technology allows fast and secure insertion of labels, facilitating inventory control and accurate product identification at counters.

Technical characteristics

- Quantity: 200 units
- Type: Ring
- Usage: Exhibitor

This device improves operational efficiency by significantly reducing the time devoted to the search and classification of articles. Its compact design saves space on counters or shelves, maintaining a clean and professional visual order without occupying excessive volume.

For installation, simply place the labels on the rings as needed. It does not require specialized tools or maintenance, guaranteeing an immediate start-up without interruption of the daily workflow at points of sale.

Specifications

EAN	8425160030650

Material	Plástico
Weight (kg)	0.6
