**Surface/Recessed LED Panel
60x60cm 30-40-50W 3CCT**

Brand: ALFA

Reference: ALFA 24734

60x60 cm LED panel made of white aluminum, available in 30, 40 or 50 W. Includes adjustable CST selector between 3000K, 4000K and 6500K to adapt the color temperature to the environment.

[View product online](#)**Description**

The 60x60 cm recessable LED panel is an efficient light solution made of white aluminium, designed to provide precise control of the color temperature by means of three adjustable modes. Its technology allows to adapt to different visual atmospheres with great versatility.

Technical characteristics

- Dimensions: 60x60 cm
- Adjustable power: 30W, 40W or 50W
- Color temperatures: 6500K, 4000K, 3000K
- Body: White aluminium
- Type of installation: Surface and recessable

This device provides uniform and high quality lighting, ideal for spaces that require flexibility in the lighting environment without sacrificing performance or aesthetics. The versatility of the CST selector makes it possible to transform the visual perception of any environment, from welcoming warmth to functional clarity.

The installation is simple and compatible with standard recessing or surface mounting systems, making it easy to integrate into existing ceilings and walls. Its robust design ensures optimum durability in residential and commercial applications.

Specifications

High	60
Width	60
Opening angle	120º
Colour	White
EAN	8425160247348
Lumens (lm)	6000
Material	Aluminio
Measures	60 x 60
Weight (kg)	1.4
Protection	IP20
Adjustable	Yes
Nominal voltage (V)	230V
Type of installation	Surface
Light power (W)	50
