### Description

The Korpass Power Bank 10W LED Flashlight is a multifunctional device that combines powerful lighting with charging capacity for mobiles and tablets. Its integrated technology allows to operate as an autonomous energy source in critical situations or during professional tasks.

#### Technical characteristics

- Maximum output power: 10W
- Luminous flux: up to 600 lumens
- Lighting range: 20 meters
- Operational autonomy: between 2 and 7 hours
- Internal battery: 3 Lithium cells (6000 mAh total)
- Recharge Input: USB Type C
- Visual indicator: Digital status display
- Environmental protection: IP20 (internal use)

This equipment guarantees operational continuity in environments without access to power grids. Its compact design facilitates transport and the magnetic base allows secure fixation on metal surfaces during inspections or repairs.

Installation is immediate; simply place the unit on a flat surface or use the tripod adapter if fixed directional lighting is required. Connect the devices using the USB port to recharge them while keeping

the light on, optimizing energy efficiency in emergencies or workshops.

**Specifications**

|                     |                     |
|---------------------|---------------------|
| Opening angle       | 20 metros           |
| Colour              | Verde/Negro         |
| EAN                 | 8425160247447       |
| Lumens (lm)         | 600                 |
| Material            | Plástico endurecido |
| Weight (kg)         | 0.2833              |
| Protection          | IP20                |
| Nominal voltage (V) | 10V                 |
