Description

The 8×63 mm Vatton M14 diamond drill is a professional tool designed to drill hard materials such as marble, ceramic, porcelain, granite and natural stone. Its state-of-the-art technology ensures fast and accurate results on any construction or renovation site.

Technical characteristics

- Cutting power: high hardness for quick drilling
- Measurements: 8 mm in diameter and 63 mm in length
- Thread: M14, compatible with standard angular grinders
- Recommended speed: 8,000–12,000 RPM according to material
- Body material: reinforced metal for stability and durability
- Working mode: suitable for dry drilling
- Tip: diamond-plated with high hardness

This tool offers optimal performance in plumbing, electricity and general reform work. Its robust design minimizes premature wear and ensures a long service life under demanding conditions.

The installation is simple: adjust the speed of the engine within the recommended range according to the material to be drilled. Keeping a constant pressure without forcing ensures a clean cut and prevents damage to the drill or surface worked.

Specifications

EAN	8425160497835
Long	6.3
Material	Metal
Measures	8 mm de diámetro y 63 mm de longitud
Weight (kg)	0.0023
Power (W)	alta dureza para perforaciones rápidas
Revolutions per minute (RPM)	8.000–12.000
