Vatton M14 10 mm Diamond Drill Bit

Brand: ALFA

Reference: ALFA 49829

Vatton M14 Diamond Broca with 10×63 mm reinforced body for dry drilling of marble, ceramic and granite. High hardness diamond tip ensures precision and speed in plumbing and reform work. Compatible with standard angular grinders at 8,000–12,000 RPM according to material.

Description

The 10×63 mm Vatton M14 diamond drill is a specialized tool designed to drill hard materials such as marble, ceramic, porcelain, granite and natural stone. Its diamond tip ensures optimum performance in precision work.

Technical characteristics

- Cutting power: high hardness for dense materials
- Dimensions: 10 mm diameter by 63 mm length
- Thread: M14, compatible with standard angular grinders
- Recommended speed: 8,000–12,000 RPM according to material
- Body material: reinforced metal for stability and durability
- Working method: dry drilling, optimising thermal dissipation

This tool facilitates the installation of accessories, plumbing works, electricity and reforms without the need for external refrigerants. Its robust construction ensures a long service life even in demanding environments.

For use, select the appropriate speed according to the material to be drilled and maintain a constant pressure during the advance. There is no need to apply water or lubricants when working dry, simplifying the operating process.

Specifications

EAN	8425160498290
Long	6.3
Material	Metal
Measures	10×63 mm
Weight (kg)	0.0024
Power (W)	alta dureza para materiales densos
Nominal voltage (V)	8.000–12.000
