Description

The 70mm Handlock round handle knob is a locksmith accessory designed to equip interior or exterior doors with a modern and functional aesthetic. Made of steel or zamak, it offers mechanical strength and long-term durability.

Technical characteristics

- External diameter: 70mm
- Rosette diameter: 70mm
- Body material: Steel or Zamak
- Finished: Black mate
- Includes installation kit with screwdriver

Its robust design allows a smooth and safe opening, integrating perfectly into residential projects, offices or commercial premises that seek a clean and professional finish without aesthetic complications. The matte black aesthetic brings discreet elegance to any architectural environment.

The installation is simple thanks to the included kit; simply mark the holes according to the rosette insole, drill and fix the knob with the screws provided to complete the assembly in minutes. This system facilitates the change of locks without the need for additional specialized tools.

Specifications

Colour	Black
