Description

The Monomando Duero for scrubbing is a vertical tap of high pipe manufactured in brass with chrome finish, designed to regulate the flow and temperature of the water by means of a vertical lever. Its 35mm ceramic cartridge technology ensures smooth and durable operation, while the integrated aerator improves the quality of the jet.

Technical characteristics

- Material: Brass with chrome gloss finish
- 35mm ceramic cartridge
- Vertical control lever
- 2-function aerator and atomizer
- Nut fastening system

The atomizer offers two modes: economizer to save water and anti-sapping for added comfort. Its elegant design adapts to any kitchen, providing a touch of functional sophistication.

The installation is simple thanks to the fastening nut of easy assembly. Just connect the pipe to the supply and secure the nut in the sink. The smooth handling allows the flow to be fine-tuned without effort.
