Description

The Worgrip 125mm eccentric sander is a professional tool designed for surface finishing, leveraging Brushless technology and a variable speed selector between 6000 and 12000 RPM. Its 125mm base ensures precision in sanding and polishing tasks.

Technical Specifications

- Brushless motor (no brushes)
- Variable speed: 6000-12000 RPM
- Working base: 125 mm
- Lithium battery: 2.0 Ah
- Dust collection system included
- Lightweight and ergonomic design

This sander delivers superior performance in fine finishes, wood sanding, metal, and plastics, achieving uniform surfaces with high energy efficiency thanks to its long-lasting battery.

Installation is simple: connect the battery to the main body and adjust the speed selector according to the material. The dust collection bag attaches directly to keep the environment clean during operation.

Specifications

EAN	8425160500214
Weight (kg)	1.582
Adjustable	Yes
Revolutions per minute (RPM)	6000-12000
