Description

The 150mm Vatton grinding machine is a professional tool designed for sharpening, deburring and finishing metal parts. Its induction engine ensures stable, quiet and low-maintenance operation, optimized for demanding working environments.

Technical characteristics

- Power: 250W
- Vacuum speed: 3.000RPM
- Stone diameter: 150mm
- Stone width: 20mm
- Housing: robust metal
- Weight: 7.7kg
- Cable length: 1.8m
- Protection class: IP40
- Includes: two stones (grey and fine), two eye protectors

This grinding machine allows to work effectively with HSS steels, iron, aluminum, copper and bronze, offering precise finishes in bevelling and deoxidation. Its robustness makes it suitable for continuous industrial use.

The installation is simple on a work bench thanks to its stable base with rubber feet that reduce vibrations. Tool holders are easily adjustable to fit each part, facilitating ergonomic handling during

operation.

Specifications

Width	20mm
Diameter	150 mm
EAN	8425160500337
Weight (kg)	7,7
Power (W)	250
Revolutions per minute (RPM)	3.000
Nominal voltage (V)	230V
