Description

The Vatton screwdriver set is a professional tool designed for precision work in mechanics, carpentry and general maintenance. Its robust construction ensures durability and firm grip during intensive use.

Technical characteristics

- Tips: 1x100mm Phillips and 1x100mm Flat
- Body: High-strength chrome-vanadium S2 steel
- Magnetated tips for screw retention
- Ergonomic non-slip bimaterial handle

These screwdrivers offer superior performance thanks to the S2 alloy, which prevents buckling under torsion. The magnetized tip facilitates the handling of small components, avoiding losses and improving efficiency in repetitive tasks.

The installation is immediate; simply select the right tool according to the type of screw and apply controlled pressure. Its lightweight design reduces user fatigue in extended working sessions, being essential for any basic or specialized tool kit.

Specifications

High	0.5

Width	10
EAN	8425160500467
Measures	0.5 x 10
Weight (kg)	0.0128
