Description

The Vatton Analog Compressor is a portable 12V solution designed to raise air pressure to 4 bar (60 PSI), optimized for road emergencies and domestic maintenance.

Technical characteristics

- Nominal power: 12V DC
- Maximum working pressure: 4 BAR / 60 PSI
- Power connection: 3 metre cable for vehicle
- Air hose: 45 cm with adapters included
- Visual indicator: Analogue gauge and front LED light
- Design: Compact and portable with transport handle

Thanks to its versatility, this equipment allows to inflate car tires, motorcycles, bicycles, sports balls and other accessories that require controlled pressure.

The installation is immediate: connect the power cable to the car lighter and adjust the desired pressure on the gauge before starting the inflation using the front hose.

Specifications

EAN	8425160500658
-----	---------------

Long	45
Weight (kg)	0.55
Nominal voltage (V)	12V
