Description

The 96 unit display ring holder is a management system designed to organize and present labels in commercial or industrial spaces. Its ring technology allows fast and safe charging, optimizing the workflow at counters.

Technical characteristics

- Capacity: 96 units
- Type: Display ring
- Material: Resistant structure for continuous support
- Design: Optimized for counter mounting

This device facilitates the visualization of key information, improving the end user experience by accessing relevant data without complications. Its robustness ensures durability in high-traffic environments.

The installation is simple; it only requires placing the label holder on the desired surface and loading the labels into the ring mechanism. Daily handling involves filling out the units according to operational need, ensuring that the information is up-to-date and available for immediate consultation at counters or shelves.

Specifications

EAN	8425160052706
Material	Plástico
Weight (kg)	0.92
