Description

The LED projector with folding support is a professional lighting equipment designed to offer a cold light of 6400K and 4900 lumens, ensuring clear visibility without excessive heat in demanding environments. Its LED technology ensures stable and durable performance for industrial and maintenance applications.

Technical characteristics

- Maximum power: 50W
- Luminosity: 4900 lumens
- Color temperature: 6400K (Cold)
- Lifetime: up to 25,000 hours
- Material: PC and hardened aluminium
- Cable connection: 1.5m (IP44)
- Basic protection: IP65
- Turn: 360 degrees
- Stability: foot and handle with non-slip rubber

Its high wear resistance and excellent base stability make it a reliable tool for garages, repair shops, civil works and car maintenance where visual accuracy is required.

The installation is simple by means of the included connection cable. The folding support allows for easy adjustment of the height and projection angle, ensuring that the light reaches exactly the required work

area with maximum operational efficiency.

Specifications

Opening angle	120º
Energy classification	F
Colour	Amarillo/Negro
EAN	8425160249113
Lumens (lm)	4900
Material	Aluminio
Weight (kg)	1.002
Protection	IP65
Nominal voltage (V)	230V
