Base Onlex Black 2T Cable Switch 1.5m

Brand: ALFA

Reference: ALFA 24983

Onlex 2-take black socket base with integrated ON/OFF illuminated switch. It has ground connection for electrical safety, 1.5m insulated cable and child protection. It supports 250V and 16A, allowing multiple devices to be powered simultaneously in homes, offices or workshops efficiently and safely.

Description

The Black Onlex 2T Cable/ Switch base is a compact electrical solution designed to distribute energy safely and efficiently in reduced spaces. It integrates two sockets with ground connection and an illuminated ON/OFF switch, facilitating accurate control of connected devices.

Technical characteristics

- Nominal voltage: 250V
- Maximum amperage: 16A
- High strength insulated cable: 1.5 meters
- Colour: Black
- Integrated child protection
- Tombs with earthing
- Switch with light indicator

This equipment allows simultaneous feeding of various devices in homes, offices, workshops or events without compromising electrical safety. Its robust design and high durability cable ensure stable operation under various conditions of use.

The installation is simple: connect the cable to the main network, fix the base on the desired surface and activate the switch to supply power. The light indicator confirms that the circuit is operational, optimizing energy management in any environment.

Specifications

Rated current (A)	16
Colour	Black
EAN	8425160249830
Intensity	16A
Long	1,5mt
Material	ABS
Weight (kg)	1.895
Power (W)	3680
Nominal voltage (V)	250V
