Description

The S-EMPOTRAR TV/FM-SATÉLITE ONLEX BLANCO FINAL recess box is an electrical installation device designed to hide multimedia equipment on walls. Operates with 10A and 230V, allowing integration of satellite TV or FM radio receivers without external visibility.

Technical characteristics

- Power: 10A
- Service voltage: 230V
- Material: White plastic
- Compatibility: To be combined with ONLEX frames of the same series

This device allows you to manage multiple entertainment sources from a single point, facilitating access to open TV, FM and satellite signals without visual disorder. Its compact design optimizes the space available in standard recess boxes.

For installation, the frame must be connected to the main electrical grid ensuring the correct polarization of the power cables. Later, the external devices are linked by the corresponding terminals and the position within the wall slot is adjusted before the decorative frame is definitively fixed.

Specifications

Rated current (A)	10
Colour	White
EAN	8425160249977
Material	Plástico
Weight (kg)	0.1003
Nominal voltage (V)	230V
