Matel Rectangular LED luminaire 40W 120cm CCT Adjustable

Brand: ALFA

Reference: ALFA 25363

The 40W Rectangular Matel LED display offers efficient lighting with reinforced white diffuser and 1200x72mm measurements. Its adjustable color temperature between 3000K, 4000K and 6000K allows the light to be adapted to different interior environments.

Description

The 40W rectangular Matel LED display is a state-of-the-art lighting system designed to deliver uniform and efficient light in indoor spaces. Its reinforced diffuser technology ensures optimal distribution of the luminous flux, eliminating dark spots and providing superior visual quality for daily tasks.

Technical characteristics

- Maximum power: 40W
- Dimensions: 1200x72mm
- Adjustable color temperature: 3000K, 4000K, 6000K
- Energy classification: E
- Estimated useful life: Up to 25,000 hours
- Level of protection: IP20
- Type of ignition: Instant Electronics

This device stands out for its energy saving capacity of 90% compared to conventional technologies, reducing operating costs without compromising light performance. It is especially suitable for offices, kitchens and professional environments where constant and adaptable lighting is required.

The installation is simple and quick, allowing its direct integration into standard luminaire systems. Its instant electronic ignition ensures that the light is immediately available by activating the switch, optimizing the experience of use at any time of day.

Specifications

Width	7.2
Opening angle	120º
Energy classification	E
Colour	White
EAN	8425160253639
Long	120
Lumens (lm)	5400
Material	Aluminio / PC
Weight (kg)	0.54
Power (W)	40
Protection	IP20
Nominal voltage (V)	170-265 (50/60Hz)
