Description

The 50 mm Vatton M14 diamond drill is a professional tool designed to drill hard materials such as marble, ceramic, porcelain and granite with maximum precision. Its state-of-the-art technology ensures clean and fast cuts in industrial and reform applications.

Technical characteristics

- High hardness diamond tip for efficient drilling.
- Cut diameter: 50 mm with total length of 60 mm.
- M14 screw compatible with standard angular grinders.
- Reinforced metal body that ensures stability during work.
- Optimized for dry drilling, facilitating thermal dissipation.
- Recommended speed: 8,000–12,000 RPM according to material.

Its robustness makes it essential for plumbing, electricity and remodeling facilities where it is required to penetrate hard surfaces without damaging the edges.

Easy installation: fasten the drill bits to the angle grinder, adjust the safety cuff and start working with constant pressure and smooth circular movement to avoid overheating.

Specifications

High	5
Width	6
EAN	8425160501020
Measures	5 x 6
Weight (kg)	0.0135
Depth	60 mm
Nominal voltage (V)	8.000–12.000
