Description

The bronze extendable fixed window mosquito net is an effective solution to protect the home against insects without compromising natural lighting. Made of water resistant materials, it allows constant ventilation while maintaining the security of the interior space.

Technical characteristics

- Closed dimensions: 50x40 cm
- Open dimensions: 92x40 cm
- Transmission of sunlight: more than 90%
- Colour: bronze
- Water resistance: yes

Thanks to its high transparency, this mosquito net ensures that sunlight enters abundantly while pests are avoided. Its robust design ensures prolonged durability even under adverse weather conditions.

The installation is extremely quick and simple, and can be completed in just 30 seconds without the need for specialized tools. It adapts perfectly to standard windows by facilitating its immediate integration into any home.
