Description

The smart Wi-Fi indoor 4mp 360o Matel Security Camera is an advanced surveillance device that combines high-resolution technology with wireless connectivity to provide comprehensive protection in enclosed spaces. Its intelligent design allows you to capture fine details and manage security from anywhere through mobile applications.

Technical characteristics

- 2K QHD video resolution (2560x1440px)
- Image and audio capture at 4MP with 15fps
- Wifi 2.4 GHz connectivity
- Power supply via cable Type-C 5V 1A
- Integrated night vision
- 360o Panoramic View Angle
- Intelligent motion detection system
- Support for micro SD card and cloud storage
- Compatibility with Alexa, Google Assistant and Siri

This equipment provides significant benefits by allowing continuous and detailed monitoring, ensuring that any suspicious activity is recorded with exceptional clarity thanks to its high-definition sensor. The complete panoramic view eliminates the usual blind spots in traditional cameras.

The installation is simple by connecting to the existing Wifi router and using the official application available in digital stores to configure the initial parameters and access the immediate remote control. The system supports voice assistants for practical handling without the need for constant manual interaction.

Specifications

High	2560
Width	1440
Colour	Blanco / Negro
EAN	8425160501303
Measures	2560 x 1440
Weight (kg)	0.34
Nominal voltage (V)	230V
