Description

The 4MP IP65 Exterior Smart Wifi Security Camera is an advanced surveillance device that combines high-resolution technology with wireless connectivity to protect outdoor spaces. Its intelligent design allows you to capture critical details and manage remote control from anywhere.

Technical characteristics

- Video resolution 2560x1440px (4MP)
- WiFi connectivity 2.4GHz and 5GHz
- Rechargeable 5000mAh battery
- Load Type-C 5V 1A
- 120° angle of view
- Degree of protection IP65
- Intelligent motion detection system
- Integrated night vision
- Micro SD and Cloud Card Storage

This system offers robust security for homes, offices and commercial premises, ensuring the capture of audio and images with high fidelity even under adverse conditions. Intelligent detection reduces false alarms while night vision ensures full coverage.

Installation is easy with the Alfa or Tuya app available from Apple Store and Play Store. The device is easily configured by connecting to the WiFi network and syncing with attendees such as Amazon Alexa,

Google Assistant and Siri for intuitive handling without technical complications.
