Description

The large opening Vatton wrench is a professional tool designed for tightening and loosening in reduced spaces, made of high-strength steel and millimetred mouth technology for maximum precision.

Technical characteristics

- Total length: 300 mm (12 inches)
- Opening range: 0 to 60 mm
- Material: High Quality Steel with Black Phosphatized Finish
- Resistance: Anticorrosive treatment for demanding environments
- Design: Ergonomic handle with hanging hole

Its versatility allows to intervene in hydraulic, electrical and mechanical installations where the space is limited, guaranteeing a lasting performance without compromising the safety of the operator.

For handling, select the appropriate measure by adjusting the mobile mouth until you get an airtight closure on the bolt, applying the necessary force on the handle to achieve the required torque.

Specifications

Colour	Black
EAN	8425160508890
Long	300 mm

Material	Steel
Weight (kg)	0.901
