Description

The 17-piece Vatton universal accessory set is an integral solution designed to enhance the capabilities of any multi-tool, allowing accurate cutting, detailed sanding and finishing work on various materials such as wood, plastic, metal and silicone.

Technical characteristics

- Construction materials: High strength BIM and CRV.
- Includes 3 cutting scraping blades for straight lines.
- 2 flexible and rigid scrapers for adaptability.
- 1 saw blade segmented for semicircular cuts.
- 1 delta sanding base of 80 mm.
- 10 sheets of 80 mm sandpaper with G60, G80, G120, G180 and G240 grains.

These components facilitate the execution of curved cuts, precision work in difficult areas and professional finishes, ensuring durability and optimal performance during intensive use in DIY or light industry environments.

The installation is immediate by attaching the parts in the multifunction tool guide. It is recommended to select the right sanding grain according to the desired roughness and use the delta base for hard-to-reach areas without compromising the stability of the work.
