### Description

The Vatton Digital Compressor is a versatile tool of 230V and 12V that reaches up to 10 bar, designed for domestic inflation and vehicle use with lithium battery range of 2000mAh.

#### Technical characteristics

- Input power: 230V AC and 12V DC.
- Maximum working pressure: 10 bar (150 PSI).
- Built-in battery: Lithium 2000mAh.
- USB Load: Type C port of 25W included.
- Connections: 3m car cable and 1.5m home.
- Gauge: Digital for precise control.
- Hose: 60 cm with adapters included.
- Security: Upper and emergency LED light.

Its powerbank function allows to charge mobile devices via USB while in use or after inflation, offering dual utility in any situation.

It is installed by connecting the hose to the tyre or balloon valve using the adapters provided. For use in vehicle, plug the cable to the lighter; for home, use the standard power cable.
