Description

The 300 mm Vatton wrench is a precision tool designed in high-strength chrome-vanadium steel, essential for mechanical work and maintenance that demand reliability and durability over time.

Technical characteristics

- Material: Chromium-vanadium steel
- Total length: 300 mm (12 inches)
- Maximum opening: 34 mm
- Milimetrated mouth for exact adjustment
- Surface finish: Chrome corrosion resistant
- Mango: Bimaterial with non-slip texture
- Hanging system: Hole integrated into the handle

Thanks to its robust construction and chrome finish, this key ensures a firm grip on the bolts without being deformed under pressure, ensuring the integrity of the work performed.

It is frequently used in industrial machinery repairs, hydraulic systems assembly and preventive maintenance of automotive equipment where precise and quick adjustments are needed.

The installation is immediate; simply hang it through the hole of the handle to keep it tidy in the workshop or box tool, ensuring its constant availability without risk of loss.

Specifications

Colour	Cromo
EAN	8425160518448
Long	300 mm
Material	Steel
Weight (kg)	0.802
