Description

The 11-piece Vatton penknife screwdriver is a professional tool designed for precision work in electronics, carpentry and DIY. Its magnetized tip technology facilitates the handling of small screws, while its non-slip bimaterial handle ensures a firm and comfortable grip during intensive use.

Technical characteristics

- 25mm tips made of high quality vanadium chrome
- Includes 10 hexagonal tips of various sizes
- Set with 3 Phillips PH1, PH2 and PH3 tips
- Set with 3 tips Pozidrov PL4, PL5 and PL6
- Set with 2 PZ1 and PZ2 tips
- Set with 2 tips Torx T15 and T20
- Mature pencil holder integrated into the handle
- Ergonomic non-slip bimaterial handle

This complete collection allows you to approach any type of standard screw without needing to change tools, optimizing the efficiency of mechanical and electrical work. Wear resistance ensures a long service life even in demanding technical environments.

The installation is immediate; simply select the appropriate tip and insert the screwdriver into the central pen holder. The magnet keeps the tip aligned for quick access to smaller screws, improving

safety and speed of operation in delicate repairs.

Specifications

Colour	Cromo
EAN	8425160518455
Weight (kg)	0.0052
