**Black Round LED Wall Sconce
20W CCT IP65**

Brand: ALFA

Reference: ALFA 25425

Apply round 20W black LED with integrated CCT selector that allows you to switch between warm, neutral and cold temperatures. Built of resistant polypropylene with energy rating F and IP65 protection for outdoors. It offers 2000 lumens and aperture angle greater than 120 degrees.

[View product online](#)**Description**

The 20W Redondo Black LED App is a high-efficiency outdoor light solution that integrates CCT temperature change technology to adapt light to any environment. Its compact and robust design ensures optimal performance in public or private spaces.

Technical characteristics

- Power: 20W
- Luminosity: 2000 lumens
- Diameter: 200mm
- CCT temperatures: 6500K, 4000K, 3000K
- Material: Resistant polypropylene
- Protection: IP65
- Opening angle: 120° minimum
- Energy classification: F
- On: Instant Electronics

This system offers exceptional versatility by allowing you to select between cold, neutral or warm light according to the aesthetic or functional need of the space. Its high light performance ensures uniform and powerful lighting.

The installation is simple on facades, walls or metal structures by means of the included attachment

points. It requires standard electrical connection and works perfectly under adverse weather conditions thanks to its degree of protection.

Specifications

Opening angle	120
Energy classification	F
Colour	Black
Diameter	200 mm
EAN	8425160254254
Lumens (lm)	2000
Material	Polypropylene
Weight (kg)	0.414
Power (W)	20
Protection	IP65
Nominal voltage (V)	175-250
Shape	Round
