Description

The round MATEL LED Plaster is a modern 24W lighting solution designed to deliver high energy efficiency and aesthetic versatility in residential and commercial spaces. Its LED technology guarantees a long service life and superior luminous performance, adapting perfectly to environments that require clarity and contemporary style.

Technical characteristics

- Power: 24W
- Luminosity: 2750 lumens
- Color temperature: 3000K, 4000K, 6500K
- Diameter: 300mm
- Materials: ABS and PS black
- Type of installation: Surface
- CST Selector: Integrated

This device provides uniform and bright lighting, eliminating dark areas and improving visual perception of the environment. Its matt black finish is discreetly integrated into the ceiling, allowing light to be the protagonist without unnecessary visual distractions.

The installation is simple and quick thanks to its compact design and standardized connections. It only requires connecting the power cables and attaching the support to the ceiling, ensuring an immediate start-up without additional technical complications.

Specifications

Opening angle	120º
Energy classification	E
Colour	Black
Diameter	300 mm
Diameter embedment (mm)	300
EAN	8425160254476
Range	Residencial
Intensity	24W
Lumens (lm)	2750
Material	ABS
Weight (kg)	0.599
Protection	IP40
Adjustable	Yes
Nominal voltage (V)	180-240
Type of installation	Surface
Shape	Round
