Onlex 5 Socket Base with Switch and Lighted Cable 3m

Brand: ALFA

Reference: ALFA 25603

Black Onlex socket base with 5 sockets and high strength 3mt insulated cable. Includes integrated lighted ON/OFF switch for safe control. Voltage 250V, amperage 16A and guaranteed ground connection. Built-in child protection ensures safe electrical distribution in homes, offices or workshops by connecting multiple devices simultaneously without electrical risks.

Description

The Onlex 5 sockets with 3 meter cable is a compact electrical solution designed to distribute power to multiple devices safely and efficiently in domestic, work or temporary environments. It incorporates comprehensive protection technology that ensures stable operation without electrical risks.

Technical characteristics

- Maximum power: 4000W (250V x 16A).
- Number of sockets: 5 plugs with ground connection.
- Cable length: 3 meters high resistance insulation.
- Integrated Switch: ON/OFF mechanism with light indicator.
- Child protection: Safe lock against accidental insertion.
- Material: Robust and durable black housing.
- Voltage: 250V.
- Amperage: 16A.

This base allows to simultaneously power several devices without overloading the network, offering a stable and protected electrical distribution. Its design facilitates handling in reduced spaces where electrical mobility is required to connect multiple devices.

The installation is simple: connect the cable to the main power supply and use the switch to turn the

supply on or off. It does not require additional tools or complex configurations, ready for immediate use in homes or offices.

Specifications

Rated current (A)	16
Colour	Black
EAN	8425160256036
Intensity	16A.
Long	3mt
Material	ABS
Weight (kg)	0.52
Power (W)	4000
Nominal voltage (V)	250V
