Description

The Onlex 3 sockets IP54 is a compact and secure electric distributor, designed to connect multiple devices in environments that require dust and splash protection. Its integrated technology ensures a stable and protected distribution of energy.

Technical characteristics

- Maximum power: 250V / 16A
- Level of protection: IP54 (dust and moisture resistant)
- Cable included: 1.5m high strength insulated PVC
- Ground-connected sockets for electrical safety
- Integrated light switch ON/OFF
- Colour black with folding safety cover
- Integrated child protection against unauthorized access

This equipment offers a robust solution for works, workshops and homes, ensuring a reliable electrical supply while protecting outlets from dust and ambient humidity.

The installation is simple: connect the cable to the main network and attach the base to the desired wall or surface. The switch allows to control the flow of energy without the need to manipulate the safety cap, facilitating a practical and safe use.

Specifications

Colour	Black
EAN	8425160256098
Long	1,5 m
Material	ABS
Weight (kg)	0.572
Power (W)	3680
Maximum power (W)	250
Protection	IP54
