Description

The Redondo Nordic Surface LED Panel is a compact light solution of 300mm diameter and 24W power, designed to deliver optimal performance in residential spaces with CST color change technology.

Technical characteristics

- Power: 24W
- Luminosity: 2500 lumens
- Diameter: 300mm
- Thickness: 2,5cm
- Housing material: ABS+PS flame retardant
- Light panel: Acrylic LED
- Temperatures: Cold, Neutra, Warm
- Protection: IP20
- Energy classification: F
- Opening angle: 120° minimum

This device provides versatile and efficient lighting, perfectly adapting to the modern decoration of corridors, living rooms, bedrooms and bathrooms thanks to its Nordic wood finish.

The installation is simple by means of its easy rotating anchor, allowing a quick assembly on any flat surface. Its instant electronic ignition ensures high energy efficiency without waiting times, ideal for

areas where immediate and constant lighting is required.

Specifications

Opening angle	120
Energy classification	F
Colour	Madera Nórdica
Diameter	300 mm
Driver included	Yes
EAN	8425160256968
Long	2.5
Lumens (lm)	2500
Material	ABS
Weight (kg)	0.815
Protection	IP20
Nominal voltage (V)	180-240
