Onlex 5-socket plug base with black switch 5m

Brand: ALFA

Reference: ALFA 25697

Black Onlex socket base with 5 sockets and 5 meter cable. Includes integrated ON/OFF lighted switch for direct control. Voltage 250V, amperage 16A and secure ground connection. Child protection incorporated into the shots.

[View product online](#)**Description**

The Onlex 5 socket socket with 5 meter black switch is a compact electrical solution designed to provide multiple secure and reliable connection points in reduced spaces. Made of robust materials, it guarantees a stable power distribution for various devices simultaneously.

Technical characteristics

- Maximum power: 250V / 16A per shot.
- High strength insulated cable with length of 5 meters.
- Matt black color for aesthetic integration in any environment.
- Integrated ON/OFF switch with lighting function for quick location.
- Child protection integrated into sockets.
- Ground connection included in each socket for electrical safety.

This base allows simultaneous feeding of various devices, optimizing the space and avoiding the disorder of cables in homes, offices, workshops or temporary events. Its robust design ensures continuous operation without overload risks.

The installation is simple: connect the cable to the main power grid and use the switch to turn power on or off as needed. It does not require specialized tools or complex configurations, offering an immediate and safe solution.

Specifications

Rated current (A)	16
Colour	Black
EAN	8425160256975
Long	5mt
Material	ABS
Weight (kg)	4.6
Power (W)	3680
Maximum power (W)	250
