Description

The Korpass Camping LED Lantern is a portable 5W lighting device designed to offer maximum versatility in outdoors and emergency situations. Its removable diffuser technology allows the light to be adapted to the user's needs, while its robust construction ensures durability in demanding environments.

Technical characteristics

- Power: 5W
- Maximum brightness: 600lm
- Minimum brightness: 250lm
- Rechargeable battery: 2000mAh
- Charging time: 4 hours
- Battery autonomy: 2 hours
- Color temperature: 5500K-6500K
- IP44 protection
- Material: Green and black polycarbonate
- Range: 30 meters

Its compact and extendable design makes it useful for camping, emergencies and power outages, providing powerful and reliable lighting where most needed. Works with internal rechargeable battery or 3 AA LR6 batteries.

It is installed simply by connecting the batteries in your compartment or loading the device through the corresponding port, ready to use at any time without the need for additional tools.
