Description

The 3-Element Onlex Natural Crystal Embedded Frame is a recessable lighting system designed to integrate glass-finished luminaires into flat ceilings, offering a modern and clean aesthetic that highlights the transparency of the material.

Technical characteristics

- Transparent natural glass finish
- Setup of 3 individual items
- Compact design for recessed installation
- Structure with hidden profiles that protect crystals
- Stable fixing by easy and secure mounting system

This frame allows the light to be distributed uniformly in commercial, residential or office spaces, creating luminous environments without visual obstructions thanks to its crystalline structure that blurs the hard lines of the ceiling.

The installation requires opening the roof covering at the marked points to enter the modules and fix them with the included accessories, ensuring a precise adjustment before closing the final surface with the original material.

Specifications

Colour	Natural
EAN	8425160260170
Material	Cristal
# Elements	3 elementos
Weight (kg)	0.18
