Description

The Red Redondo White Küken Wall Clock is a time measuring device with circular design and minimalist finish, made of resistant materials for home and office environments. Its traditional mechanical technology ensures reliable accuracy without the need for constant external power supplies.

Technical characteristics

- Diameter: 30 cm
- Front finish: White
- Numbers and handles: Colour black
- Power source: 1 battery (not included)
- Mechanism: Manual operation with time change

This instrument offers a clear and aesthetic reading, bringing a touch of functional elegance to any interior space. Its robustness makes it possible to withstand daily use in high-transit areas without losing its visual integrity or operability.

For installation, it is recommended to fix it on flat vertical surfaces using the anchor points provided. The user must enter the corresponding stack after hanging it to activate the mechanism and ensure the correct functioning of the needles.
