Vatton 9 Piece Hexagonal Magnetic Vatton Cup Set

Brand: ALFA

Reference: ALFA 53025

The Vatton hexagonal cup set consists of 9 magnetic pieces of special hardened steel. Designed to measure diameters from 5 to 13 mm with precision of 1/4 inch, they guarantee durability and structural stability in technical applications that require compact modular support and resistant to continuous operating wear.

Description

The Vatton Hexagonal Glass Set is a 9-piece professional set designed to accurately measure the diameter of tubes and industrial components by magnetic clamping.

Technical characteristics

- Material: High quality special hardened steel
- Available measures: 5, 6, 7, 8, 9, 10, 11, 12 and 13 mm
- Standard connection: 1/4"
- Attachment system: Integrated magnetic
- Form: Hexagonal for greater stability

These vessels offer exceptional reliability in demanding working environments, allowing fast and accurate measurements without the need for additional tools. Its robust construction resists daily wear, ensuring that dimensional specifications remain constant over time.

The installation is immediate thanks to the built-in magnet; simply bring the glass closer to the metal piece so that it adheres automatically. This system facilitates handling in reduced spaces and improves ergonomics during repetitive inspections, optimizing the efficiency of the industrial measurement process.

Specifications

EAN	8425160530259
Material	Steel
Measures	5, 6, 7, 8, 9, 10, 11, 12 y 13 mm
Weight (kg)	0.0132
