Description

The WorkFit Stretch SoftShell Winter Series pants are a high-end work garment designed to provide thermal protection and durability in adverse weather conditions. Its three-layer technology ensures the perfect balance between waterproofing, breathability, and elastic comfort during extended shifts.

Technical Features

- Fabric weight: 280 g/m²
- Water resistance: 8,000 mm
- Outer composition: 94% polyester and 6% elastane
- Intermediate membrane: TPU
- Occupational protection category: I
- Extra-reinforced knee pads
- Side and rear pockets with waterproof zippers
- Adjustable elastic waistband

These pants provide an effective barrier against moderate rain and snow, maintaining stable body temperature thanks to their TPU membrane. Their high-wear-resistant fabric makes them suitable for demanding environments where constant mobility is required without compromising safety.

Installation is immediate; simply adjust the elastic waistband according to the user's size and ensure that the pocket zippers are closed to maximize waterproofing during outdoor or indoor humid tasks.

Specifications

Colour	Grey
EAN	8425160550608
Material	94% Poliéster / 6% Elastano
Weight (kg)	0.58
Size	S
