Description

The WorkFit Stretch SoftShell winter series pants are a technical garment designed to offer maximum protection and comfort in adverse weather conditions, combining waterproofing with high breathability through its advanced multi-layer structure.

Technical Features

- Fabric weight: 280 g/m²
- Water resistance: 8,000 mm
- Outer composition: 94% polyester and 6% elastane
- Intermediate TPU membrane
- Work protection category I
- Extra-reinforced knee pads
- Side and rear pockets with waterproof zippers
- Adjustable elastic waistband

Thanks to its high resistance to the elements and wear, these pants guarantee durability in demanding environments such as construction sites, warehouses, agriculture, livestock farming, or metalworking, maintaining body temperature during moderate rain or snow.

Installation is immediate; simply adjust the elastic waistband according to size 2XL and secure the rear pocket closures for optimal protection against water entry while performing work activities.

Specifications

Colour	Grey
