Description

The WorkFit Stretch SoftShell Winter Series pants size 3XL are a high-performance work garment designed for demanding winter conditions. Its three-layer technology ensures protection against the elements while maintaining necessary breathability during active work shifts.

Technical Features

- Fabric weight: 280 g/m²
- Water resistance: 8,000 mm
- Outer composition: 94% polyester and 6% elastane
- Intermediate membrane: TPU
- Work protection category: I
- Extra-reinforced knee pads
- Side and rear pockets with waterproof zippers

These pants offer superior durability against wear and moderate rain or snow, making them essential for professionals who require mobility and thermal comfort without compromising safety in industrial environments.

Adjustment is immediate thanks to its adjustable elastic waistband, allowing for quick personalized fit. We recommend washing with neutral products to preserve the TPU membrane and the elasticity of the integrated elastane in the fabric.

Specifications

Colour	Grey
