Description

The Polar Workfit Winter Series Jacket in black is a high-performance work garment designed to ensure maximum comfort in low-temperature environments and demanding shifts. Made with advanced polyester technology, it offers superior protection against the elements and continuous wear.

Technical Features

- Composition 100% Polyester
- Fabric weight: 280 g/m²
- Front closure with hidden zipper
- Elastic fitted cuffs on sleeves
- Large pockets with zipper
- Adjustable waist via drawcord type cord
- Black design with orange details

This jacket provides effective thermal insulation, keeping the worker dry and warm against cold winds and ambient humidity. Its robust construction ensures durability in heavy tasks without losing movement flexibility.

Its immediate use is ideal for sectors such as construction, warehouse or agriculture where protection against extreme cold is required. The waist cord allows a personalized fit for better ventilation or greater

heat retention depending on the operational environment conditions.

Specifications

Colour	Black
EAN	8425160570460
Material	100% Poliéster
Weight (kg)	0.585
