Description

The Workfit TRAIL PRO S3 Safety Boot is a professional footwear designed for demanding industrial environments, combining certified protection with maximum comfort and lightness. Its advanced technology guarantees security without sacrificing the ergonomics of the user.

Technical characteristics

- Fiberglass pointer with impact resistance of 200 joules.
- Maximum ESD electrostatic dissipation level and S3S SR category.
- Made of microfiber, leather and breathable mesh.
- 4 mm flexible non-perforation textile insole.
- Double density anti-slip polyurethane rubber sole.
- 100% metal free design without electrical conductivity.
- Padded tongue sewn to the cut for further attachment.

This footwear offers superior benefits in extended working hours, providing optimal comfort thanks to its lightweight and breathable design. Its abrasion and impact resistance makes it a safe option for daily intensive work in warehouse, transport and industry.

The installation is immediate, simply adjusting the laces or velcro according to the model, ensuring a perfect hold on the ankle area. It complies strictly with ISO 20345:2022.
