Description

The Redondo Nordic Surface LED Panel is a modern light solution that integrates high-performance technology into an ultra-fine 2.5 cm design. Its flame retardant housing and acrylic panel ensure durability and safety, offering a light opening greater than 120o to effectively illuminate any interior room.

Technical characteristics

- Power: 32W
- Luminosity: 3400 lumens
- Diameter: 400mm
- Thickness: 2,5cm
- Materials: ABS+PS and acrylic
- Temperatures: 3CCT (cold, neutral, warm)
- Energy classification: F
- Protection: IP20
- On: instant electronic

Its versatility allows to adapt the lighting to specific needs, creating cozy environments in bedrooms or functional in corridors and lounges. The 3CCT technology provides precise light tone control to adjust the environment according to the time of day or activity.

The installation is simple thanks to the easy rotating anchor, facilitating its installation on flat ceilings without additional technical complications.

Specifications

Opening angle	120º
Energy classification	F
Colour	Madera Nórdica
Diameter	400 mm
Diameter embedment (mm)	400
Driver included	Yes
EAN	8425160262952
Intensity	32A
Long	2.5
Lumens (lm)	3400
Material	ABS
Measures	400mm x 2,5cm
Weight (kg)	1.384
Power (W)	32
Protection	IP20
Nominal voltage (V)	230V
Type of installation	Surface
Sojourn	Dormitory
