### Description

The 75W Matel flat LED projector is a high-efficiency outdoor lighting system, designed to provide a warm and uniform light in public or private spaces. Its advanced technology ensures lasting performance and significant energy savings.

#### Technical characteristics

- Power: 75W
- Material: Aluminium
- Light temperature: 2700K (Calid)
- Level of protection: IP65
- On time: Instant
- Life expectancy: Up to 25,000 hours

This equipment provides versatile and powerful lighting, ideal for highlighting architectural facades, lighting large porches or ensuring visibility in roads and pedestrian passage areas.

The installation is simple thanks to its robust design and water protection. It requires standard electrical connection and can be mounted on vertical or horizontal surfaces according to the needs of the project.

### Specifications

|                       |                   |
|-----------------------|-------------------|
| High                  | 21.8              |
| Width                 | 19.7              |
| Opening angle         | 120º              |
| Energy classification | F                 |
| Colour                | Black             |
| EAN                   | 8425160266318     |
| Format                | Rectangular       |
| Long                  | 29 mm             |
| Lumens (lm)           | 7000              |
| Material              | Aluminio          |
| Measures              | 21.8 x 19.7 x 2.9 |
| Weight (kg)           | 0.623             |
| Power (W)             | 75                |
| Depth                 | 2.9               |
| Protection            | IP65              |
| Nominal voltage (V)   | 230V              |
