**Round LED Panel Silver Surface
230mm 18W 3CCT**

Brand: ALFA

Reference: ALFA 26662

230mm and 18W round LED panel with silver surface and energy rating F. It incorporates 3CCT temperature selector, ABS+PS flame retardant housing and acrylic panel. Light angle greater than 120°, 2.5cm thickness and IP20 protection for efficient indoor lighting.

[View product online](#)**Description**

The 230mm Silver Surface Round LED Panel is a modern light solution that integrates high-performance technology to illuminate spaces with efficiency and style. Its ultra-fine design combines functionality and aesthetics, offering instant electronic ignition and a light opening greater than 120°.

Technical characteristics

- Power: 18W
- Luminosity: 1850 lumens
- Diameter: 230mm
- Thickness: 2,5cm
- Housing material: ABS+PS flame retardant
- Light panel: Acrylic LED
- CCT change: Cold, Neutra, Warm
- Energy classification: F
- Protection: IP20
- Anchor: Easy turntable

This device provides high quality and versatile lighting, suitable for transforming the atmosphere of any room thanks to its integrated color temperature selector. The silver surface provides an elegant finish that adapts perfectly to modern residential environments.

The installation is simple by means of a rotating anchor system that facilitates assembly on different

surfaces. Its low profile and robustness make it ideal for applications where durability and a refined aesthetic finish are required without compromising light functionality.

Specifications

Opening angle	120º
Energy classification	F
Colour	Plateado
Driver included	Yes
EAN	8425160266622
Long	2.5
Lumens (lm)	1850
Material	ABS
Weight (kg)	0.534
Power (W)	18
Protection	IP20
Nominal voltage (V)	180-240
